Dear Parents and carers

Exam and study arrangements for Year 11

The main summer examination season commences on Monday 13 May and so we would like to take this opportunity to outline on the attached sheet the study arrangements for students in advance of their final 'Celebration' assembly on Thursday 23rd May. You will note that where possible or practicable we have tried to make arrangements for students to attend school as normal in the first week so that they can continue to be supported by staff as they revise in their timetabled lessons when not in their scheduled GCSE examinations.

In a small number of cases, where any required Non Examined Assessments (coursework tasks) remain incomplete, students may be contacted and asked to return to school to work with subject staff outside of these arrangements as appropriate.

After half-term, students are of course welcome to attend school for additional revision sessions with their teachers. However, this must be done through **clear prior arrangement with the subject staff** concerned so that we can ensure students make the most effective use of this valuable time. Please be aware that any students participating in such activities will be required to leave immediately following any study activity and in the interests of **fire safety must sign in on arrival/remaining in School and must sign out on departure at Student Services.**

We wish our students every success in their examinations and welcome your continued support in ensuring that they continue to study with a thorough revision programme throughout this important time. If you have any further questions or concerns about these arrangements please contact either myself, Mrs Reeves or Mrs Bayliss (Examinations Officer) during the school day. In addition, copies of both the full examination timetable and our guidance booklet can be found on the school website.

Yours sincerely

Mr T Hodgson
